Mishock Physical Therapy & Associates, a premier physical therapy practice in the area, opened their fourth location on 131 Nutt Road in Phoenixville, PA earlier this spring. However, they were officially welcomed by the community yesterday, June 28, 2011 during a ribbon cutting ceremony sponsored by the

Phoenixville Chamber of Commerce. Congressman Jim Gerlach was in attendance to congratulate owner John Mishock, PT, DPT, DC and wish him continued success.

Dr. Mishock noted that “we are thrilled to join the Phoenixville community and feel confident that our services will truly help those individuals looking to relieve pain, restore function, and return to the highest quality-of-life possible.” Conveniently located across from Phoenixville hospital and in close proximity to the downtown arena, Mishock Physical Therapy offers state-of-the-art physical therapy and rehabilitation services close to work and home for many. Marketing Director, Danielle Wallace, stated that “expanding into this area just made sense for us. We wanted to plant ourselves in a growing community where we could do the most good. So far it has been a wonderful experience and everyone has truly reached out and greeted us with open arms.”

Mishock Physical Therapy specializes in treating a wide variety of your physical therapy and chiropractic needs and recently added a Medical Nutrition Therapy & Weight Management component. The practice has three other convenient locations in Gilbertsville (1806 Swamp Pike, Suite 100), Skippack (3887 Skippack Pike, Lower Level), and Barto (1311 Route 100, Lower Level). Please call 610-327-2600 to set up a free phone consultation with a physical therapist or visit them online at www.mishockpt.com for more details on their staff and services.
